For Immediate Release

**Re: Premier Brad Wall's Retirement Announcement**

On behalf of the Greater Saskatoon Chamber of Commerce, we would like to express our thanks to Premier Brad Wall on his years of service to Saskatchewan.

The President and CEO of the Chamber, Darla Lindbjerg, had this to say on Mr. Wall's announcement today:

"Premier Wall had a tremendous impact on the business and economic confidence in our province. There's hardly a business owner today that doesn't feel Saskatchewan's people and our industry have a higher profile, not only in Canada but around the world, than ever before. We're truly looked at as great place to live, work, and invest for people from all backgrounds and walks of life.

"Every change brings a moment of opportunity. It's up to the population of Saskatchewan and our government to leverage that moment and build upon it towards an even brighter future."
