## First Nations and Métis Opportunities Committee minutes

- Needs to know how many band investments are already made
- To help them have a voice in context of regional plans (Warman, Martensville, Corman Park, and Saskatoon)
- There has been talks about a similar project according to committee members
- Jurisdiction and infrastructure issues still faced. City is open and process is inclusive, but interests of both parties should be met
- List of band-based list is needed but Saskatoon and SREDA is underway. Student may take on this project.
- Business plan competition in Saskatoon region (By Shop Indigenous)
  - Looking for support interest – the committee is interested
  - STC competition stopped, funding from PotashCorp stopped. So this will be a good alternative
  - One of most challenging parts is getting started. Seeking equity and leverage is the biggest issue.
  - Unanimous decision to support business development, but needs tangible results
- Sponsorship for January Event – Feedback
  - Timeline was tight to secure funding – at this time operating out of general Chamber funds
  - One of projects is difficult to secure sponsorship
  - Better to have yearly project that's ongoing to attract sponsorship
  - Success at this event will be a launching pad for future events and sponsorship
