Attn: Jason Aebig

Dear Jason:

On behalf of the **Chamber Accreditation Council of Canada** (CACC), I am pleased to tell you that your chamber's application for reaccreditation has passed the Council's examination and your Chamber has been accredited for a period of three years – 2022-24.

At this time, we would also like to recognize your chamber for continuous long-term accreditation. In 2004, the chamber accreditation program was launched. To achieve accreditation, a chamber must meet minimum standards in critical areas pivotal to a Chamber's success. Accreditation is the acknowledgement that a chamber has been successfully evaluated against a rigorous set of national standards and has demonstrated excellence in chamber management. We've introduced special logos for chambers with 10 and 15 years continuous accredited status and your chamber is eligible to display the 10-year logo.

Attached to the email is a file with accreditation logo usage guidelines. In the email, you'll find links to a selection of logos from which to choose. Our basic logo has been updated and there is also a version with a new tagline "the standard in Chamber excellence." And of course, you have access to the 10-year logos. You are encouraged to incorporate the logo into your marketing/branding materials and proudly promote your status as a chamber known for long term demonstrated excellence.

On behalf of the Council, congratulations on your achievement. You are part of a group of elite chambers of commerce in Canada that can verify to the business community locally and nationally that your organization is run in a strategic and professional way and has reached the standard in Chamber excellence.

Sincerely,
Chamber Accreditation Council of Canada

Shelley Morris
